

BLACK WOMEN FEEL PAIN TOO

INTRODUCTION

Congratulations on taking an important step in supporting the fight against endometriosis! Your commitment helps shine a light on this debilitating disease and amplifies the conversation about women's health.

Endometriosis is a chronic condition that impacts 1 in 10 girls and women of reproductive age. It occurs when tissue similar to the lining of the uterus grows outside of it, causing severe pain and other complications. Recognized as one of the top 20 most painful diseases, endometriosis currently has no cure, making awareness and advocacy critical.

The Yellow Uterus is an inaugural event dedicated to promoting women's health and empowering young girls and women to prioritize their well-being. The event will feature engaging presentations, dynamic vendors, and even fun dance breaks to create a vibrant and informative experience.

Inside this packet, you'll find everything you need to select your sponsorship package, including detailed event information and contact details. We're excited about the opportunity to work together and make this event a success.

About the Event

BLACK WOMEN FEEL PAIN TOO

We are thrilled to introduce *The Yellow Uterus*, a transformative event designed to promote and discuss women's health while empowering young girls and women with actionable tips, valuable resources, and holistic remedies to enhance their quality of life.

This unique event shines a spotlight on endometriosis—a condition that affects millions of women globally—bringing awareness to its impact on daily living. We'll also emphasize the importance of annual health visits, self-care practices, and healthy lifestyle choices, fostering a supportive community for women of all ages.

But this event isn't just about education—it's about engagement! The Yellow Uterus will feature:

- Dynamic discussions led by industry leaders and health professionals,
- Entertainment performances to uplift and inspire,
- Retail vendors offering products and services for women's health,
- And, of course, delicious food and exciting giveaways to delight attendees.

As a valued organization, your support can make a tangible difference in the lives of many. Sponsorship benefits include brand visibility, networking opportunities, and the chance to align with a meaningful cause that resonates with your mission.

We invite you to join us in making The Yellow Uterus an impactful experience for all. Together, we can elevate the conversation around women's health and build a stronger, healthier community.

We look forward to partnering with you.

BENEFITS FOR SPONSOR

Audience

The consumer is the foundation of every successful business, service, or product. Black Women Feel Pain Too and *The Yellow Uterus* connect with a focused yet expansive audience passionate about women's health, particularly endometriosis awareness. Endometriosis affects millions of women worldwide, making it a critical topic for research, advocacy, and action. Sponsoring this event allows your company to align with a cause that directly impacts lives while showcasing your dedication to improving women's health. This is your chance to support a community actively seeking solutions and partners who care about their well-being.

Movement

Endometriosis affects 1 in 10 girls and women of reproductive age, and the call for better research, diagnosis, and treatment is growing louder. More women are sharing their stories and building awareness through social media groups and organizations. By offering your support, you have the opportunity to make a lasting impact on the endometriosis community and its fight for progress.

Organization

Black Women Feel Pain Too is a rapidly growing movement, gaining attention through impactful documentaries and viral social media campaigns. As we remain dedicated to raising awareness about endometriosis, our reach and impact continue to expand. This is a powerful opportunity to collaborate and shed light on a disease that affects millions. Together, we can drive meaningful change and amplify this critical mission.
